

SOP for Porting Business Account to SBS

This SOP outlines the steps required to port a business account to SBS Fiber, ensuring a smooth transition for the customer.

Key Steps

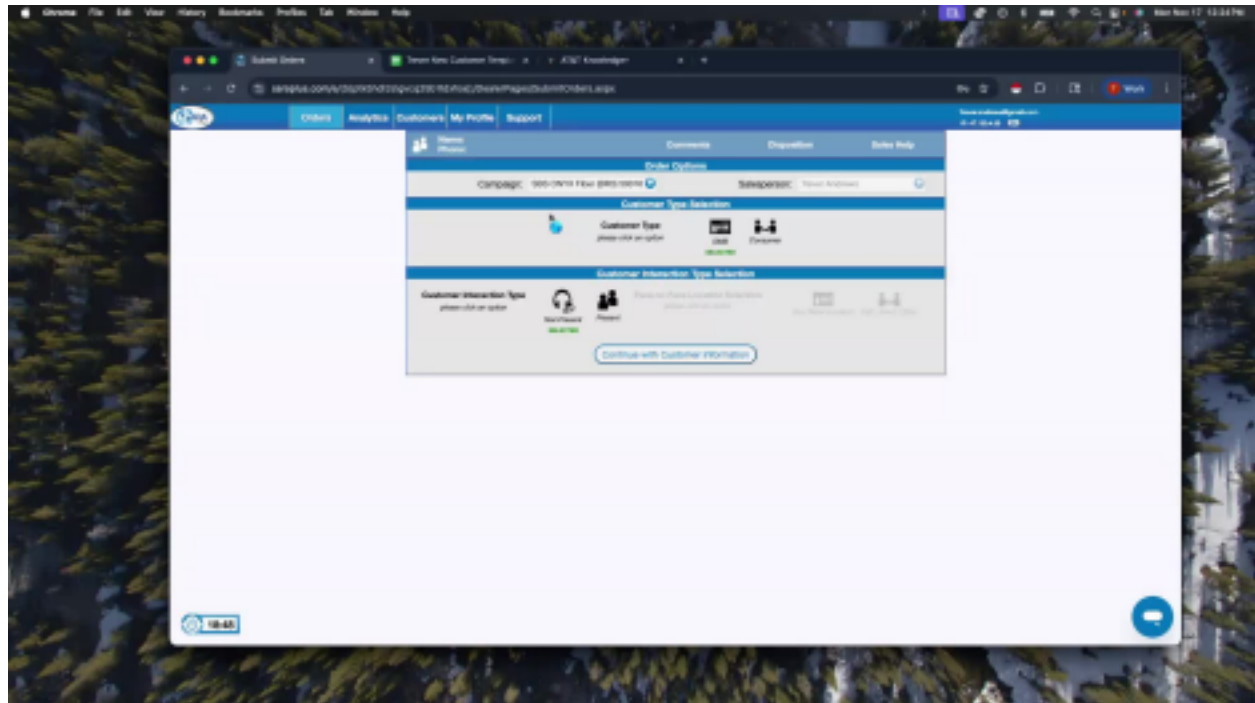

1. Accessing SeraPlus 0:16

- Log into SeraPlus.
- Ensure you are working with a business account.

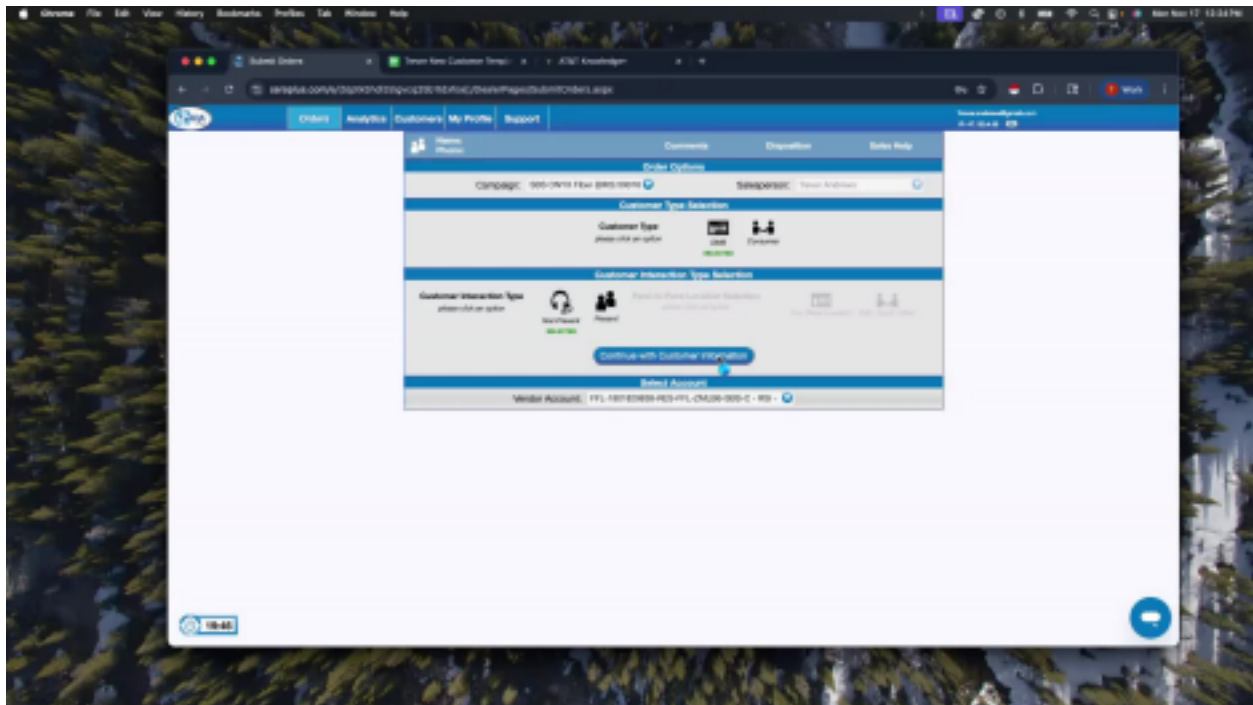

- Select 'SBS Fiber' as the service.

2. Customer Information Entry 0:32

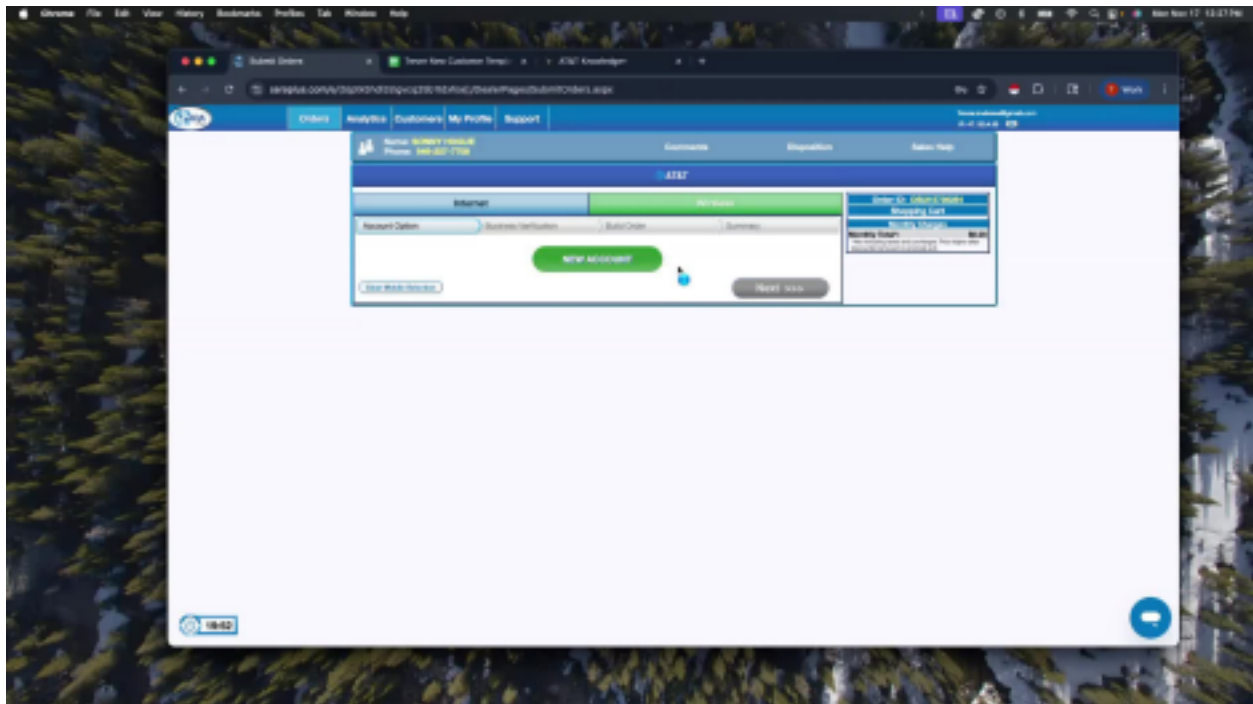

- Choose 'Consumer' only if adding a consumer plan to a business FAN number.
- Select 'Non-Present' if the interaction is over the phone.

3. Input Customer Details 0:47

- Enter the customer's legal name, email address, and business name.
- Confirm the business name is registered and has a history to avoid deposit requirements.

4. Verify Business Registration 3:25

- Use Google and the Secretary of State Business Search to verify the business.
- Confirm the business is active and the agent's name matches the

customer. **5. Porting Numbers 5:11**

The screenshot shows a web browser window displaying the ASST website. The page is titled "ASST" and has a navigation bar with links for "Orders", "Analytics", "Customers", "My Profile", and "Support". The main content area is titled "ASST Wireless Lines" and contains a form for porting numbers. The form includes a "Request Option" section with radio buttons for "Credit Check", "Auto Order", and "Gateway". Below this is a "Wireless Lines Requested" section with a dropdown menu set to "1". A question asks "Do you have any existing numbers to be ported on today's order?" with "Yes" and "No" options. A note states "At least one line must be ported in order to complete the order." The form also includes fields for "Contact Phone" (444.243.2746) and "Email Address" (asmyhug@gmail.com). A "Billing Preference" section has radio buttons for "Single" and "Repeat", with a note "Use a different Billing Preference address (if a not present)". A "Personal Information" section contains a statement: "You must read the statements below to the customer verbatim. 'By porting, we may need to use your existing credit information on file with other ASST companies. Is that OK?'" with "Yes" and "No" options. A "Next Step" button is at the bottom right. A sidebar on the right shows "Order ID: 10001" and "Shipping List" with a table of items.

Item	Quantity	Price
Wireless Line	1	\$10.00
Monthly Rental	1	\$10.00
Monthly Fee	1	\$10.00

- Confirm the customer agrees to use existing credit information.
- Send a one-time text and email link to the customer for order information.

6. Validate PIN 5:43

AT&T Wireless Line

Wireless Line Requested

Please enter the new number of line the customer has requested.

Do you have any existing numbers to be ported on today's order?

☐ Yes ☐ No

(At least one line must be ported in order to complete the order.)

Contact Phone: 949-267-7768 Email Address: sunnydog@gmail.com

Working Language: English Spanish

☐ Use different phone numbers when this is not selected

Personal Information

You must read the statements below to the customer verbatim:

"To continue, we may need to use your existing contact information on file with other AT&T companies. Is that okay?"

☐ Yes ☐ No

Verify with Secure Pincode Link sent. Customer must validate PIN.

In order to keep the customer's AT&T account as secure as possible, a pincode is required to be created. Please enter and confirm your pincode below.

Your pincode must be between 4 and 8 digits long (numbers only).

Create Confirm

Identification Information

AT&T requires a DBS-OF-BN-DA collected for all customers.

Tax ID: 0000000000

Photo ID Type: Driver's License

ID Number:

Issuing Authority: State

Expiration Date: Select Select Select

Go Previous Next >>>

- Have the customer enter the PIN received via text/email.
- Validate the PIN to proceed.

7. ID Authentication 8:07

The screenshot shows a web browser window displaying the Allstate Wireless Line registration form. The form is titled "Allstate Wireless Line" and includes sections for "Wireless Line Request", "Personal Information", "Secure Password", "Verification", and "Identification Information".

Wireless Line Request

Please enter the main number of the line the customer has requested.
(Do you have any existing numbers to be ported on today's order?)
☐ Yes ☒ No
(At least one line must be ported in order to complete the order.)

Contact Phone: 949-267-1768 Email Address: sunnydog@gmail.com
Billing Information: ☒ English ☐ Spanish
☐ Use different billing phone number (this is not advised)

Personal Information

You must read the statements below to the customer verbally:
"By continuing, we may need to use your existing credit information on file with other Allstate companies, is that okay?"
☒ Yes ☐ No

Secure Password

In order to keep the customer's Allstate account as secure as possible, a password is required to be created. Please enter and confirm your password below.
Your password must be between 8 and 14 alpha-numeric characters only.
Enter: 12345678 Confirm: 12345678

Verification

Allstate requires a DMV-DSPV-04 collected for all customers.
00 / 00 / 0000

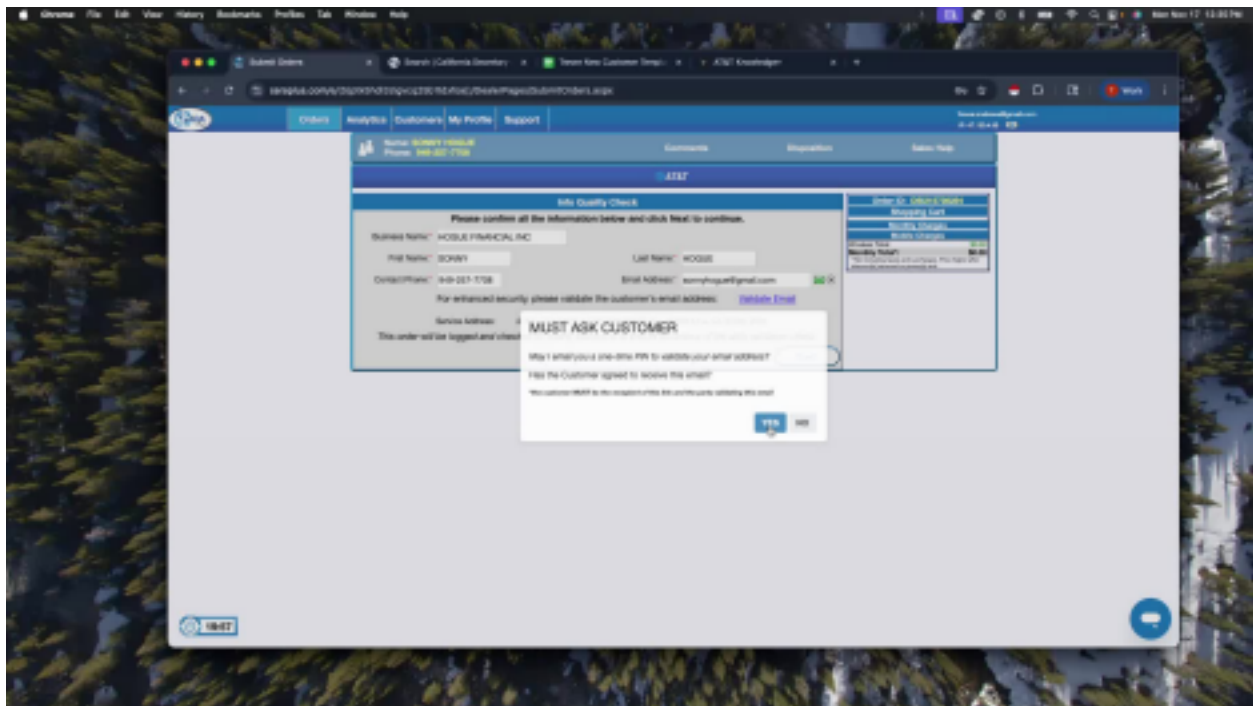

Identification Information

Tax ID: 0000000000
Photo ID Type: Driver's License
ID Number: 0000000000
Issuing Authority: CA
Expiration Date: 00 / 00 / 0000

Buttons: "Go to Previous" and "Next, xxx"

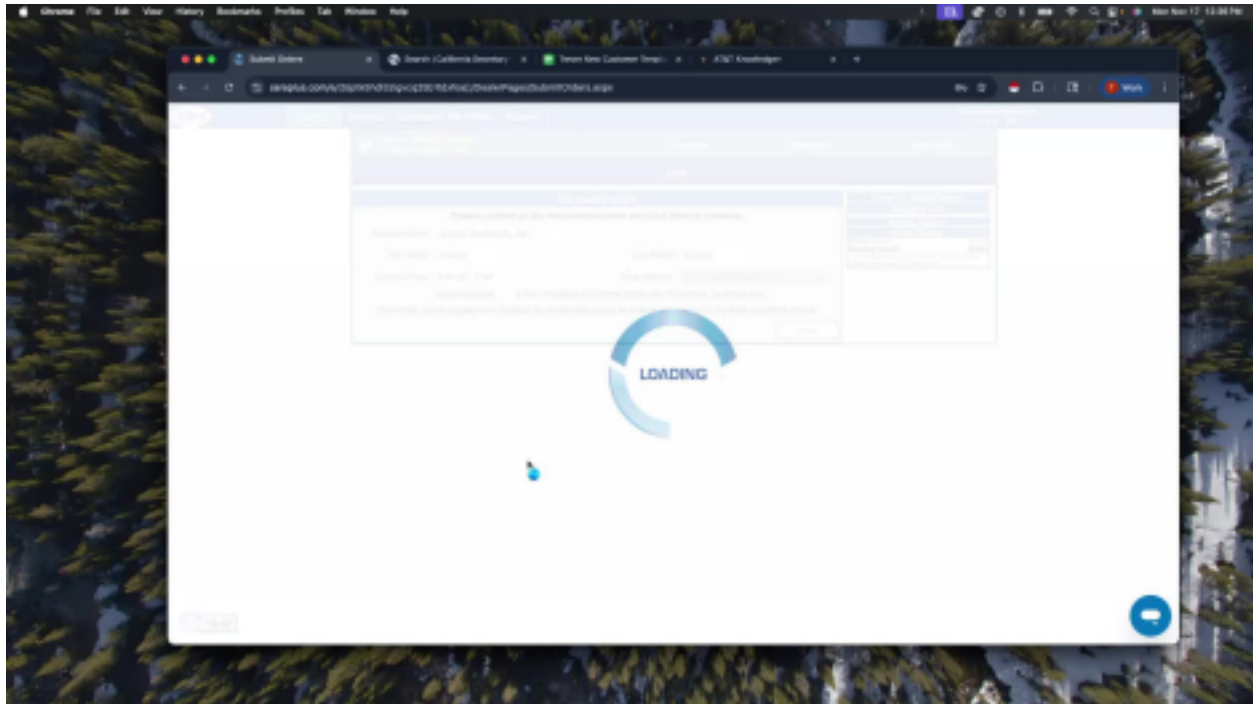

- Send a text message with a link for the customer to scan their driver's license.
- Ensure the customer allows camera access if prompted.

8. Email Validation 11:30

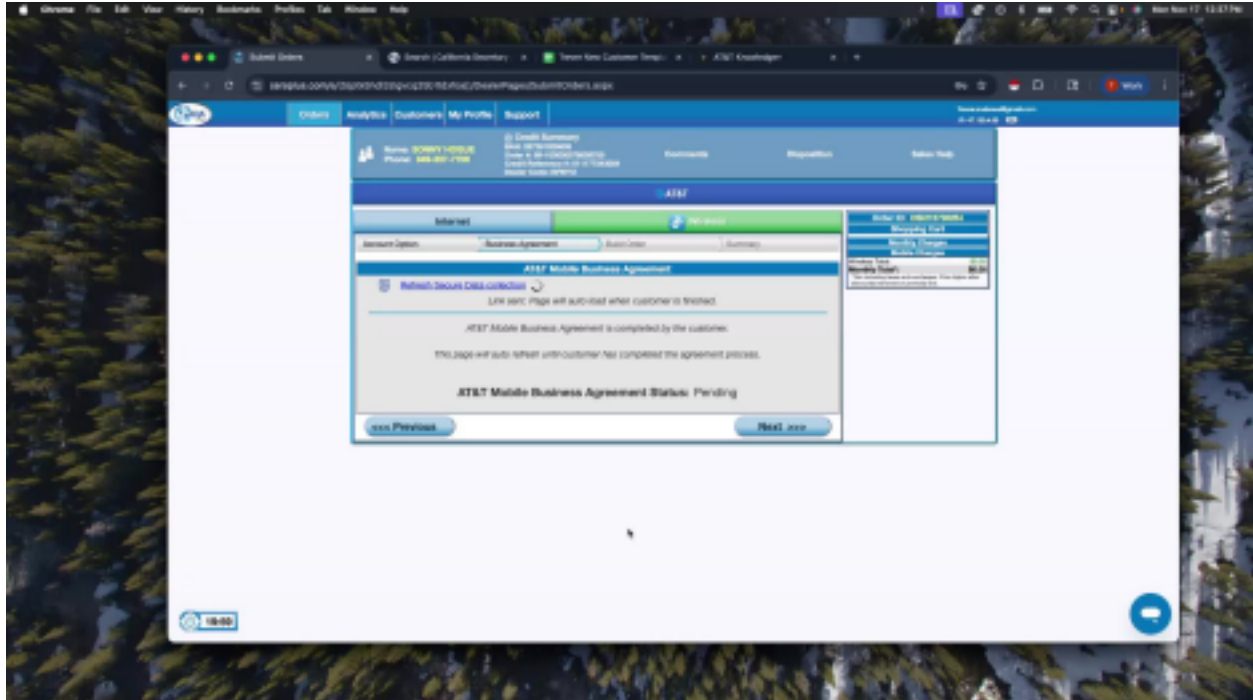

- Send a one-time PIN to the customer's email for validation.

9. Input Customer Information 12:16

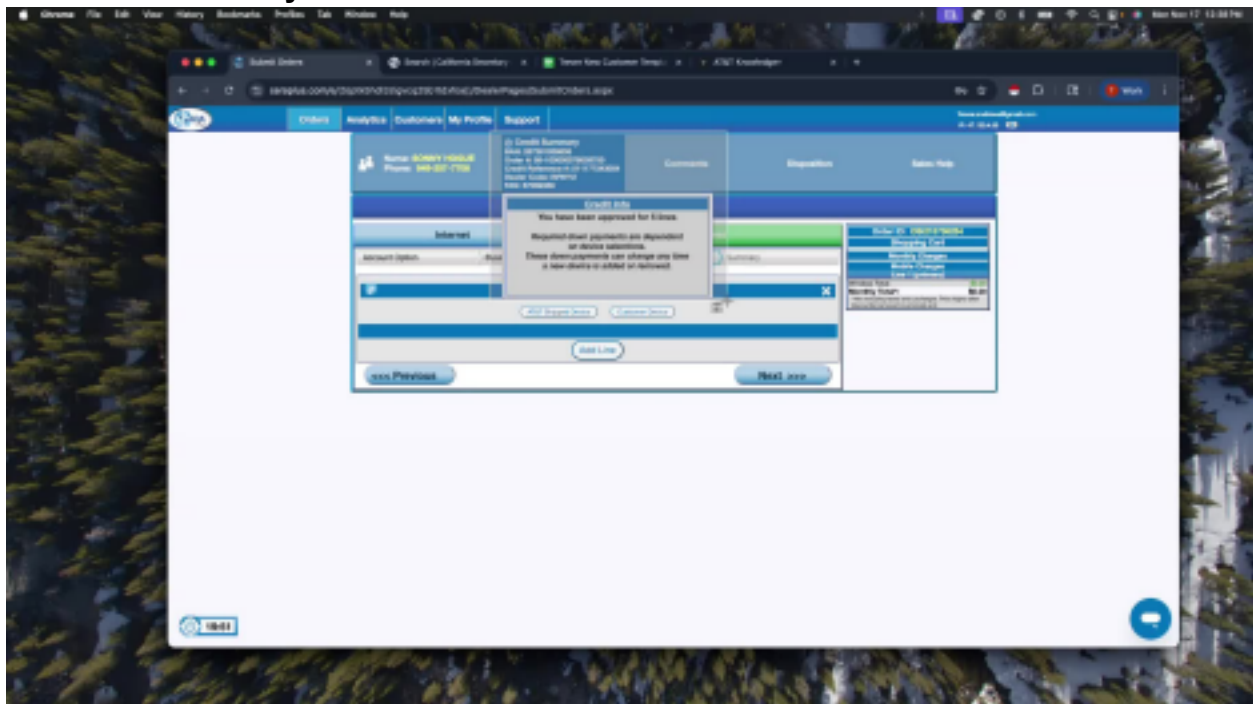

- Use the new customer template to input all necessary information.

10. Mobile Business Agreement 13:02

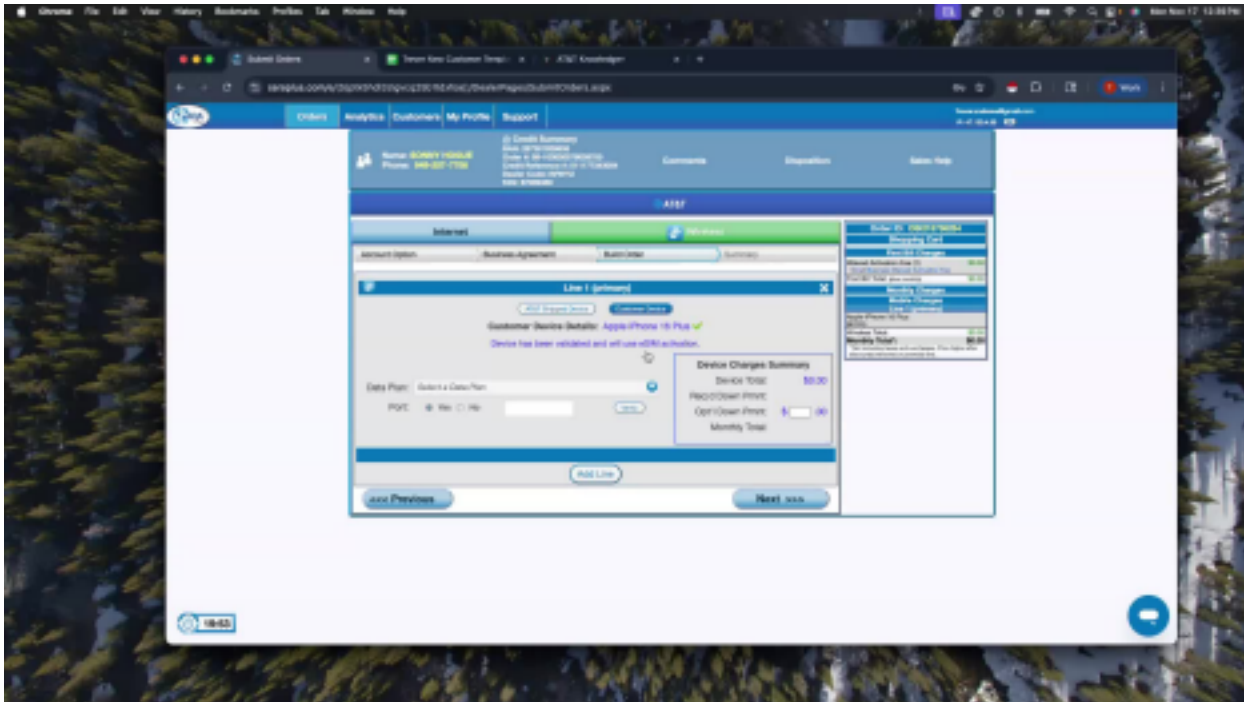

- Direct the customer to review and accept the mobile business agreement.

11. Credit Summary Review 14:24

- Check the credit summary for approval and deposit requirements.

12. Device Setup 15:28

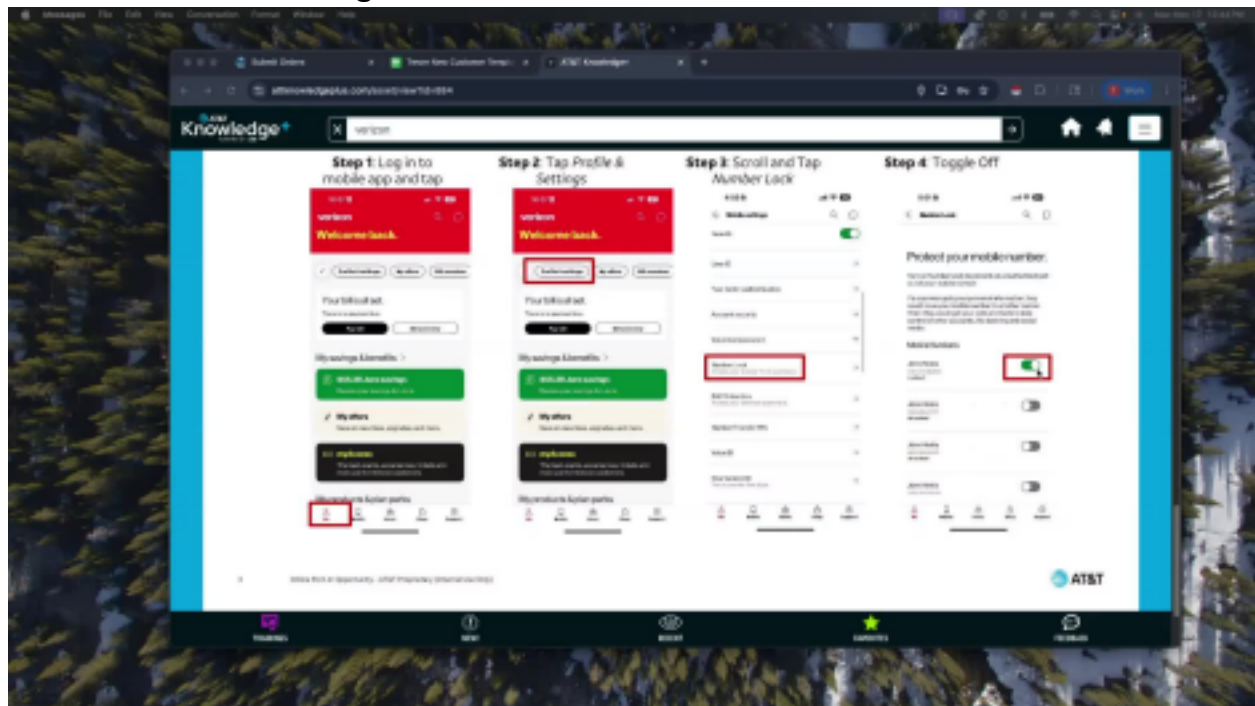

Validate the customer's IMEI and select the appropriate SIM type (eSIM or physical SIM).

13. Add Port Information 16:51

The screenshot shows the AT&T Business portal interface. The main content area displays the 'Add Port Information' form for 'Line 1 (porting)'. The form includes fields for 'Phone' (408-240-7068), 'Carrier' (VERIZON), 'Account Number' (WIRELESS-TB), and 'PIN'. A 'Device Charges Summary' box on the right shows a 'Device Total' of \$0.00. The form is titled 'Line 1 (porting)' and has a 'Porting' status. The background of the browser window shows a desktop with a forest wallpaper and a clock in the bottom right corner.

- Input the customer's phone number, account number, and PIN.
- Click 'Add Port Here' before moving to the next line.

14. Number Lock Management 19:49

- Guide the customer to turn off number lock on their Verizon account if necessary.

15. Add Promotions 21:51

The screenshot shows the Verizon Business portal interface. The main content area is titled "Line 1 (new)" and displays a "Customer Details" form. The form includes fields for Name, Address, City, State, Zip, and Phone. The "Phone" field is populated with "718-333-1111". The "City" field is populated with "JERSEY CITY, NJ". The "State" field is populated with "NJ". The "Zip" field is populated with "07310-2414". The "Promotions" section shows "Completed".

On the right side, there is a "Device Changes Summary" table:

Device	Device Type	Device Price
iPhone 11 Pro	Smartphone	\$1,199.99
iPhone 11 Pro	Smartphone	\$1,199.99
iPhone 11 Pro	Smartphone	\$1,199.99
iPhone 11 Pro	Smartphone	\$1,199.99
iPhone 11 Pro	Smartphone	\$1,199.99
iPhone 11 Pro	Smartphone	\$1,199.99
iPhone 11 Pro	Smartphone	\$1,199.99
iPhone 11 Pro	Smartphone	\$1,199.99
iPhone 11 Pro	Smartphone	\$1,199.99
iPhone 11 Pro	Smartphone	\$1,199.99

At the bottom of the form, there are buttons for "Add Line", "Back", and "Next".

- Add any applicable promotions, such as the \$800 Visa reward card and BYOD credit.

- Take a screenshot of the final page for reference.
- Inform the customer about the need to activate their service via

Wi-Fi. Cautionary Notes

- Ensure the customer is aware that their service will stop during the porting process.
- Advise customers to activate their new service while connected to Wi-Fi to avoid disruptions.

Tips for Efficiency

- Always have the customer's information ready before starting the process.
- Use templates for customer information to speed up data entry.
- Keep a checklist of steps to ensure nothing is missed during the
